Sir:

I, Gee Sung Chae, do declare and say as follows:

**1.** I am the inventor of the U.S. Patent Application Serial No. 10/028,687, filed December 28, 2001, and I am familiar with the contents of the application, its prosecution before the U.S. Patent and Trademark Office, and the references cited therein. I am a citizen of Korea, residing at #111-607, Hanyang 1cha Apartment, Dongchun-dong, Yunsu-ku, Incheon-shi, Korea.

**2.** I have studied the contents of Rho (U.S. Patent 6,057,896), Shimada (U.S. Patent 6,424,399), Jeong (U.S. Patent 6,137,551), Shimada '325 (JP-03-141325) and the disclosure in the specification.

**3.** To elucidate the provenance of the conventional art discussed in the specification, I am submitting the following observations:

The conventional art discussed in the specification is not general art, but is based on the mass-produced product currently being produced by the production line of the Applicant, LG. Philips LCD Co. As a result, the conventional art discussed in the specification represents the Applicant's own work.

4. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
